I am grateful for the untiring service and the co-operation extended to me by our teaching and non-teaching staff. I have to thank my loving children – students who are my strength and power. I am deeply indebted to the team of Vice-Principals Dr.G.V.Gopinath, who is completing his 5th year as the Vice-Principal, and Dr.N.Sreedevi, who is completing her 1st year term, had spent more time in the college than with their families. Their dedication to the college is commendable.

With a view to promote the Educational attainment in this Backward District and to alleviate the unemployment problem due to illiteracy, Arulmamani **Thiru.N.T.S.ARUMUGAMPILLAI** started this temple of learning in the year 1965, by pooling his hard earned money in the foreign soil.

His philanthropic foresight has brought out this First Grade College, offering 12 undergraduate courses in Mathematics, Physics, Chemistry, Zoology, Computer Science, Information Technology, Economics, History, English Literature, Business Administration, Commerce and proud to state that we have introduced B.Sc., Physical Education in this academic year, 4 Post Graduate courses in Economics, English, Commerce & Mathematics, 3 M.Phil courses in Economics, English, Commerce, Ph.D in Economics, Commerce, Business Administration and English, Diploma Courses in Personnel Management & Industrial Relations, Office Management and Certificate courses in Spoken English.

Our management has started Arumugam Pillai Seethai Ammal College of Education by offering B.Ed., program from 2006-2007. The dream of our Founder to provide higher education to the needy people has been successfully completed by our former President **Thiru.N.A.R.Nagarajan**. The dream of providing opportunities to do professional courses has been successfully fulfilled by the sons of **Thiru.N.A.R.Nagarajan**, by starting **Arumugam Pillai Seethai Ammal College of Education**. Dreams come true as our great visionary **Arulmamani Thiru.N.T.S.Arumugam Pillai's** vision of providing vocational courses has been initiated by our honourable Secretary **Thiru.N.Rameswaran** in this academic year 2018-19.

I am also very glad to inform that the Economics Department of our college has been upgraded as a Research Department from 2006-2007. The Departments of English, Mathematics, Commerce & Business Administration have also been upgraded as Research Department from 2012-2013. The college is registering a steady and continuous growth year by year. This achievement is made possible by the unstinted efforts of our revered Founder and his illustrious sons and grandsons.

STUDENTS' STRENGTH

Even though arts and science colleges in the surrounding area have registered a decline in students' strength due to the arrival of a number of professional colleges, the strength in our colleges is always on the increase because of the quality of teaching of our untiring and elite staff aided by campus discipline. This year, we have **2204** students of which **1417** are girls and **787** are boys.
