**Tree Plantation**

**INTRODUCTION**

Trees are an essential and indisputable part of our life. They perform a variety of functions, such as provide us with oxygen, food, wood, and many more. They are a vital part of our environment and are essential to maintain the balance in the ecology. Implementation of tree plantation activity is one of the important activities in the adopted villages. The tree plantation encompasses environmental conservation, soil conservation, water conservation. They were also asked to propagate the message to the society that planting the trees helps to maintain clear eco- friendly environment reduces pollution and improves the green ambience and keeps the area clean and green purifies air, provides pure oxygen, maintain good air quality, reduces air pollution. Students were segregated into teams and organized tree plantation activity in Tiruppattur, Kaaraiur, Kaalipatti, Panagudi, Kambanoor, Kaariyapattion 22.12.2020. Twenty-two students participated in the program and planted 22 trees. Trees such as neem, mango, cassia, asoka, citrus, pongamia etc., Despite this, tree guards were also kept in the planted trees to avoid grazing of animals. Trees were planted at villages, and schools. They also spread awareness regarding environmental conservation. Village people cooperated with our students and village panchayat gave certificates for student's commendable work.

### Outcome of the events

The tree plantation program conducted in Tiruppattur, Kaaraiur, Kaalipatti, Panagudi, Kambanoor, and Kaariyapatti on 22.12.2020 yielded significant outcomes. Twenty-two students participated in planting 22 trees, including varieties such as neem, mango, cassia, asoka, citrus, and pongamia. The installation of tree guards aimed at preventing animal grazing further ensured the trees' protection. Beneficiaries of this initiative included both the environment and local communities. Through the propagation of messages emphasizing the importance of tree planting, the program contributed to environmental conservation, soil and water conservation, and air purification. Moreover, the involvement of village people and recognition from the village panchayat, including certificates for the students, underscored the success and community support garnered by the program, fostering a sense of responsibility towards sustaining a clean and green environment.

## **DISTRIBUTION OF NILAVEMBU KUDINEER**

This year, every nook and corner of the world were facing covid infection which later pandemic situation raised. Peoples were susceptible to this virus because of poor immunity. Despite consuming allopathy drugs, all most in all regions of our country people started to consume natural herbal tonic. In our area, Nilavembu Kudineer is prepared which is found to possess antipyretic and anti-inflammatory, antiviral, and immunomodulatory and hence effective against all types of fevers and infections. It helps in reducing the symptoms of fever like headache, body aches, muscleaches, loss of energy, fatigue, weakness etc, Treats bacterial and viral infections.

The Nilavembu Kudineer programme was organized to create an awareness among the village people on 22.12.2020. The programme took place in Tiruppattur, Vairavanpatti, Tiruvudaiyarpatti, Yeriyoor, Vairavanpatti, Keeranipatti, Pattamangalam, Malampatti, Kootaiyoor, Singampunarai. The objective of this programme is to promote good health among the village people and protect them from flus. The motive of this event is to bring awareness about the event amongst the young students and to take care of their neighboring village people. 18 students were involved in this programme at various places and students went door to door to campaign the benefits of Nilavembu Kudineer. Students were present during the event. They also stressed the importance of this herbal tonic and urged the people to consume the tonic thrice a week. This activity enhanced the sense of responsibility, and moral duty to serve the society they live. Forty participants were benefitted through this programme

### **Outcome of the Program**

The Nilavembu Kudineer awareness program conducted across various villages including Tiruppattur, Vairavanpatti, Tiruvudaiyarpatti, Yeriyoor, Keeranipatti, Pattamangalam, Malampatti, Kootaiyoor, and Singampunarai on 22.12.2020 yielded significant outcomes amidst the backdrop of the COVID-19 pandemic. Aimed at promoting good health and bolstering immunity against viral infections, the initiative saw active

participation from 18 students who engaged in door-to-door campaigning to educate villagers about the benefits of Nilavembu Kudineer. By emphasizing its antipyretic, anti-inflammatory, and antiviral properties, as well as its effectiveness in alleviating symptoms associated with fevers, the program empowered 40 participants with knowledge and access to a natural herbal tonic. Through this endeavor, not only did the program contribute to safeguarding the health of villagers amidst the pandemic, but it also instilled a sense of social responsibility and duty among the participating students, underscoring the importance of community service and healthcare awareness in times of crisis.

## DENGUE AWARENESS

dengue possesses a serious disease which can drastically reduce the immunity of a person by reducing the platelets count in one's body. It can often be fatal. Many cases of deaths have been reported from all around the country, Dengue, frankly, cannot be prevented by giving vaccine, but its propagation can be controlled through awareness campaign among the public. Dengue fever is transmitted through mosquitoes and the mosquitoes breed in the stagnant water. Peoples simply don't dispose the waste water properly. As a result, stagnation of water takes place in their residing areas. Dengue awareness program was organized at Kaaraiur Camp, Katampur, Vairavanpatti on 22.12.2020. Preliminary, staff members educated the students about dengue infection, symptoms, modes of transmission and precautions, modes of treatment, solid waste, management, and maintenance of personal hygiene. Six students went door to door to create an awareness about Dengue. Later, cleaning drive was started at the afternoon on the same day. Students were provided gloves and plastic bags. The road sides and school campus have been swept and all plastic bags, plastic materials were removed and carefully disposed in the dustbin. The materials which can hold the rain water was also removed.

### **Outcome of the Program:**

The Dengue Awareness program conducted on 22.12.2020 in N. Vairavanpatti, Kattampur, and Karaiyur Camp, spearheaded by students K. Karpagam, K. Keerthiga, K. R. Nandhini, S. Nandhini, S. Sangavi, and S. Sivetha (with respective enrollment numbers 0519103018, 0519103022, 0519103028, 0519103029, 0519103036, and 0519103044) aimed at educating communities about Dengue prevention and control, yielded commendable outcomes. Through interactive sessions and dissemination of information about the symptoms, transmission and preventive measures against Dengue fever the program succeeded in

raising awareness among residents. By empowering locals with knowledge about mosquito breeding sites, proper waste disposal, and personal protection measures such as using mosquito nets and repellents, the initiative contributed to reducing the risk of Dengue outbreaks in the targeted areas. The proactive involvement of the students not only demonstrated their commitment to public health but also fostered a culture of community engagement and proactive disease prevention. Overall, the program played a crucial role in promoting health literacy and enhancing the resilience of these communities against Dengue infections. ### **Kaavalan AppAwareness**

#### **INTRODUCTION**

Students were introduced to Kaavalan App. Our staff members briefly explained about the app. A short message from Police of Tamilnadu was briefed to the students which will help the students in their campaign People residing in Tamil Nadu, especially, Women and elderly people can use the Kavalan whenever they feel vulnerable or threatened. People can reach the spot at the earliest possible of the threat when the app is used. Moreover, at times of natural disaster with the help of this app publican seek the help of the police. They were also educated to give a clear view about the App download so that they may explain it in their campaign.

Students were briefed to download and activate the Kavalan App by providing some basic information. It has been vividly explained and the students were very clear of its necessity and its function.

- Personal Mobile Number
- Home Address
- Alternate Mobile Number
- E-mail Address
- Date of Birth
- Gender
- Details such as Mobile Number, Name & Relationship of any two relatives or close friends as emergency contacts, preferably living in the same city.

- Additionally, a third contact as an emergency contact may also be added.

After entering the above details, you will receive an activation code on your registered mobile number. Please enter your activation code to complete the registration process. The Kavalan home screen will be displayed on your mobile phone. Students were asked to brief the village people about “how to use the app”. Our staff members explained the process of operating the app. During an emergency, please press the SOS button on the home page. It will start a 5 second count down. After 5 seconds, the app will automatically send your current location along with a video from your back camera to the Kavalanteam. Within a minute, the team will contact you. Simultaneously, your location will also be sent to your registered emergency contacts as an SMS alert

#### **ABOUT THE EVENT:**

The Kaavalan App awareness programme was initiated with the help of the students to create an awareness among the village people to protect themselves during emergency.

**Event Highlight:** Creating awareness to download and use the Kavalan App in adverse situation.

**Date:** 22.12.2020

**Time:** 10 am onwards

**Venue:** Tiruppattur, Sembanoor,

**Keelavalayapatti No. of Students**

**Participated: 02**

**No.of people educated**

**: 20 Objectives**

The objective of this program is to create awareness among the school going children and young girls about the use of the kavalan App and protect them from adverse situation. The motive of this event is to bring awareness about the event amongst the young students and to take care of their neighboring village people.

### **GLIMPSES OF THE EVENT:**

Students went door to door, to campaign the use of Kavalan App. They even helped the village people to download the app and explained the village people to use it. Staff members helped all participants with the necessary arrangements along with the support staff.

#### Event Outcome

- Participants were highly energetic and enthusiastic to make the event a big success.
- The awareness programme brought immense happiness over the students for their service they rendered.
- Coordination and teamwork were the outcome.
- Awareness was spread among the village people about Government Programme.
- Increased sense of responsibility, and moral duty to serve the society they live.
- Shared their ideas with others.

The Kaavalan App awareness program, conducted on 22.12.2020 in Sembanoor and Keelavalaiyapatti by students N. Yogitha, M. Revathi, and S. Sivetha (with respective enrollment numbers 0519103055, 0519103035, and 0519103044), yielded significant outcomes in enhancing community safety and security. By educating residents about the functionalities and benefits of the Kaavalan App, which aids in reporting crimes, emergencies, and seeking police assistance promptly, the initiative empowered locals with a valuable tool to enhance public safety and crime prevention. Through interactive demonstrations and guidance on downloading and using the app effectively, the program facilitated greater awareness and adoption of technology-driven solutions for addressing security concerns. By fostering collaboration between the community and law enforcement agencies, the initiative promoted a safer and more vigilant environment. The proactive engagement of students in advocating for community safety underscored their commitment to societal well-being and contributed to building stronger, more resilient neighborhoods. Overall, the program served as a catalyst for enhancing community safety measures and promoting a culture of collective responsibility towards ensuring public security.

### **PROGRAMME REPORT**

Due to the pandemic situation, all educational institutes were forced to rely on online platforms for academic and administrative purposes. School and college teachers were not that much exposed to various digital platforms. Administrative officials found difficult to get data from other institutes. In this connection, vocational education (software development) organized an outreach programme on Google Drive & Google Spreadsheets in nearby Block Development Resource Office, Thiruppathur on 30.11.2020 under Samagra Shiksha Abhiyan. Mr. R. Ayyalu, BRC Officer, welcomed the gatherers. Sixteen School teachers in Thiruppathur taluk were the participants. Dr. R. Kalidoss, Nodal Officer, Vocational Programme delivered special address. In his address, he highlighted the importance of digital platforms for exchanging information and communication. Mrs. A. Nirmala, Assistant Professor enlisted the various platforms available in the web. She elaborated in detail about the working ways in google drive regarding uploading and downloading the files. She listed out the various techniques involved in excel files also. She explained about sorting of data, filtering, arrangement, removing duplication, alignment of data, saving options and other techniques in excel. She highlighted about the advantages of using excel over PowerPoint. Students of vocational stream demonstrated the procedure regarding google drive and excel in the projector. Finally, hands on training were also given to the participants in the laptops.

In conclusion, the outreach program effectively addressed the digital literacy needs of educators in the face of the pandemic-induced shift towards online education. It fostered a deeper understanding of digital platforms like Google Drive and Excel, empowering participants with practical tools and techniques to enhance their administrative and academic endeavours. Such initiatives are essential in equipping educators with the necessary skills to navigate the evolving educational landscape and effectively leverage digital resources for enhanced teaching, learning, and administrative efficiency.

<b>Activity Name with details</b>	– Tree Plantation
<b>Number of students participated</b>	– 38

Due to the unprecedented challenges posed by the Covid-19 pandemic and the consequent lockdowns mandated by the Government of Tamil Nadu, traditional approaches to educational outreach were significantly disrupted. Despite these hurdles, our institution remained committed to its mission of community engagement and social responsibility. While it was not feasible to physically bring students to the adopted villages for the Extension Activities Programme, innovative strategies were devised to ensure that the spirit of service and outreach remained alive. In response to the limitations imposed by the pandemic, our students adapted admirably, undertaking a total of 38 activities within their native villages. These activities encompassed a diverse range of initiatives aimed at addressing pressing societal needs and promoting environmental stewardship. From awareness campaigns on public health and hygiene practices to initiatives focused on waste management and sanitation, our students demonstrated remarkable initiative and dedication in serving their communities. The impact of these activities extended far beyond mere service provision; they fostered a sense of ownership and responsibility among students towards their local environments and communities. By actively engaging in activities aimed at maintaining cleanliness and promoting sustainability, our students played a pivotal role in preserving the natural beauty of their surroundings while also contributing to the overall well-being of their fellow residents. Furthermore, the Extension Activities Programme served as a platform for experiential learning, allowing students to apply theoretical knowledge gained in the classroom to real-world scenarios. Through hands-on engagement with community members and stakeholders, students developed invaluable skills in communication, leadership, and problem-solving, thereby enhancing their overall

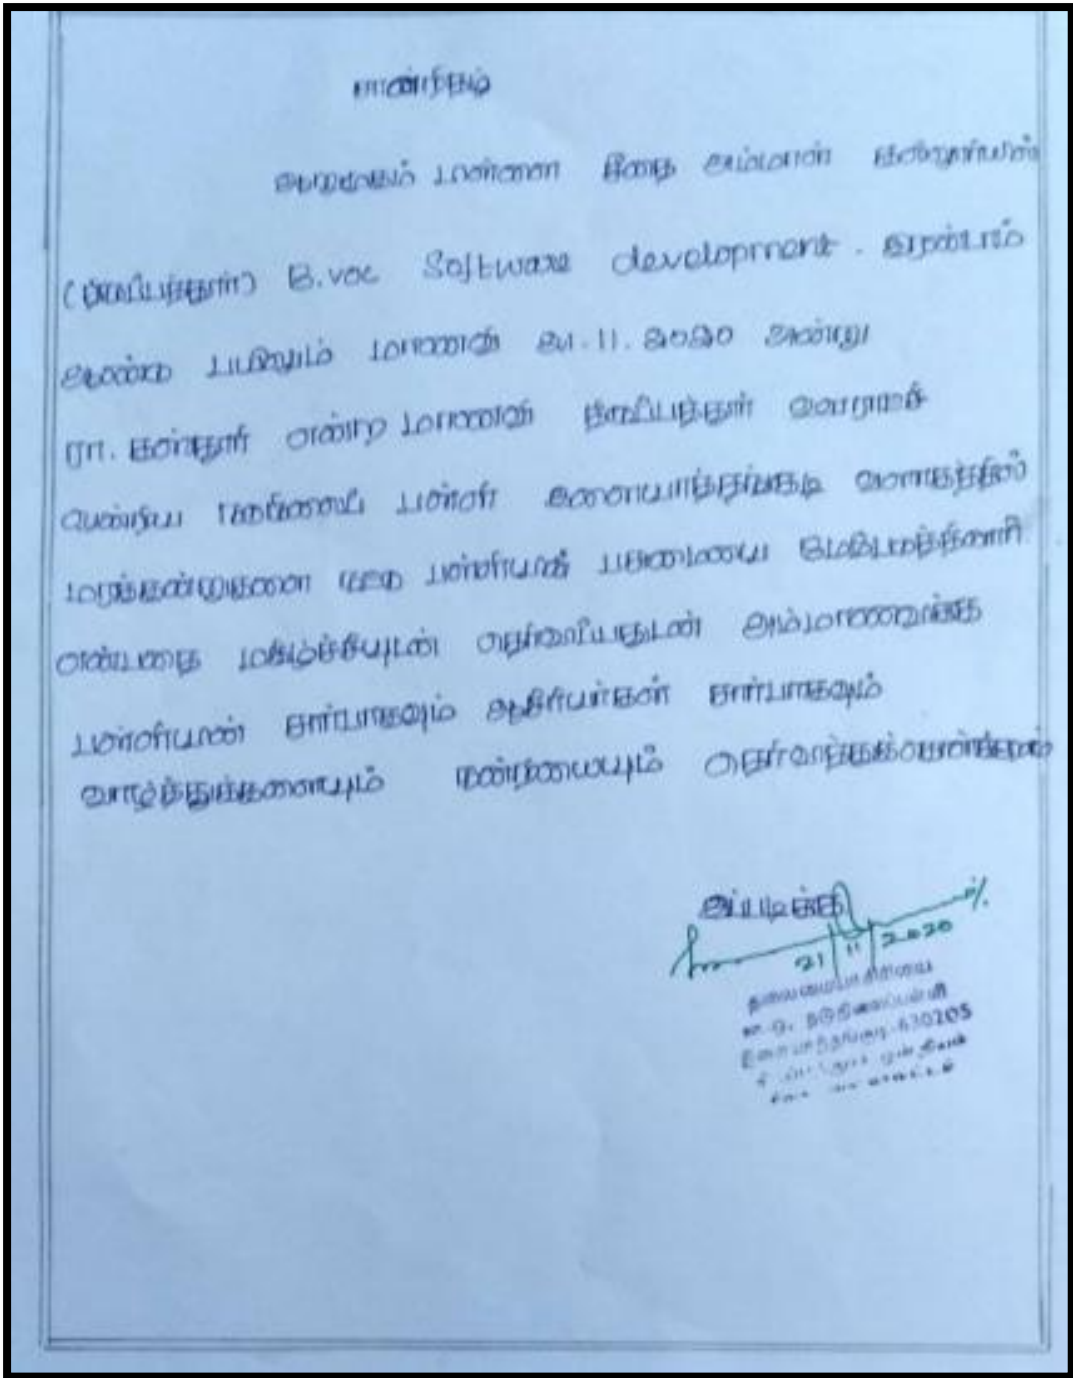

academic and personal growth. In essence, while the Covid-19 pandemic presented unprecedented challenges, it also provided an opportunity for innovation and resilience. By leveraging technology, creativity, and a steadfast commitment to service, our students were able to continue their noble mission of community outreach, leaving a lasting impact on their villages and embodying the ethos of responsible citizenship. As we navigate through these uncertain times, the lessons learned and experiences gained from these Extension Activities will undoubtedly serve as a source of inspiration and empowerment for our students and communities alike.

Students during tree plantation

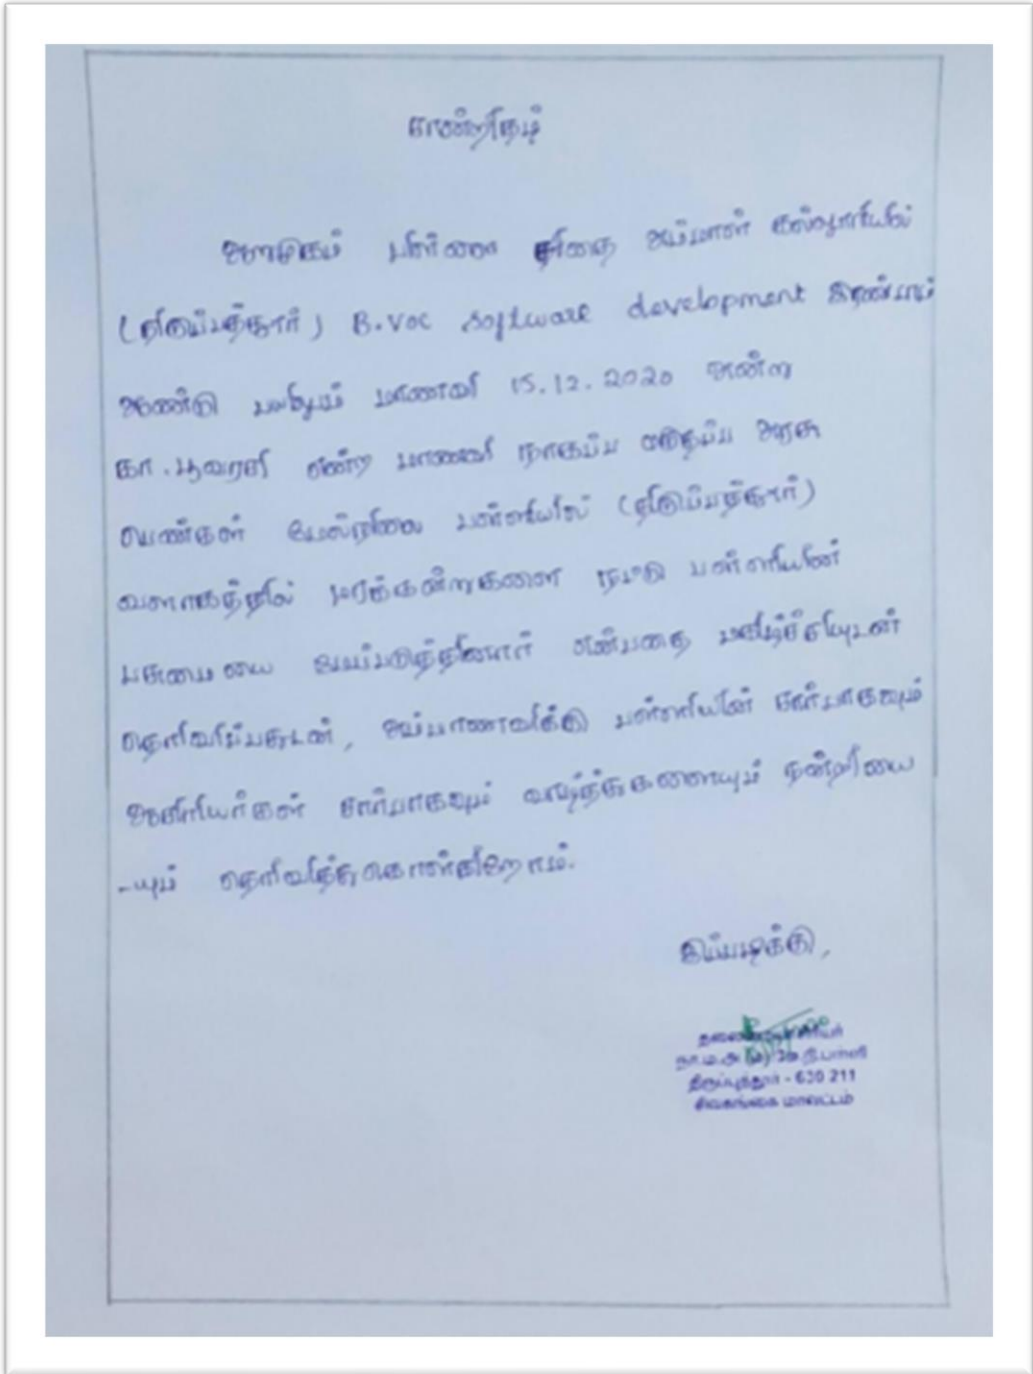

Translated version of the above appreciation letter

Letter from Headmaster of government school

R. Kasthuri, II-year B. Voc Student of Arumugam Pillai Seethai Ammal College, Thiruppathur dedication and enthusiasm were evident throughout the event. I extend my heartfelt appreciation to you for your commendable efforts in organizing and participating in the tree plantation drive in Ilyathangudi village on November 21, 2020.

Translated version of the above appreciation letter

Letter from Headmistress of government school Nagappa Girls School Thiruppathur

I am writing to extend my heartfelt appreciation to Ms. K. Poovarasi for your outstanding initiative in organizing and participating in the tree plantation drive at Nagappa Girls School, Thiruppathur. Your efforts as a second-year B.Voc student have truly made a significant impact on our school community. The importance of environmental conservation cannot be overstated, and your dedication to this cause is truly commendable. By organizing

the tree plantation event, you have not only contributed to the beautification of our school surroundings but have also instilled a sense of environmental responsibility among your peers.

DEPARTMENT  
OF  
BUSINESS ADMINISTRATION

# **ARUMUGAM PILLAI SEETHAI AMMAL COLLEGE, TIRUPPATTUR**

## **DEPARTMENT OF BUSINESS ADMINISTRATION**

### **REPORT OF EXTENSION ACTIVITY - 2020-2021**

Inconformity with one of the goals of our college to serve the society and as a part of CBCS Curriculam (Part V) Extension activity is carried out by the Department of Business Administration regularly. The students of II BBA were grouped into a team and attended the extension activities on 7/12/2020. Totally, 60 Students in II BBA actively participated in planting trees in the school premises. This programme was carried out in the Government and Private School as a part of the various efforts to inculcate the habit of cleanliness in the place where the education is provided, and Tree Plantation work was carried out in the schools nearby their hometown. Totally 60 students have participated in various extension activities.

#### **TREE PLANTATION**

Tree Plantation work was carried out on 7/12/2020 in both Government and Private schools to promote Green Campus, safeguard and preserve the environment. Tree plantation had taken place in following schools.

- Boys Higher Secondary School Singampunari near Tirupathur
- Sri Meenakshi Sundareshwarar Vidyasala Higher Secondary School, Karaikudi
- Arumugam Pillai Government Higher Secondary School, Tirupathur
- Alagappa Model Higher Secondary School , Karaikudi
- SPD Kalasalai Middle School, Kandavaryanpatti near Tirupathur
- POM School, Sunnambiruppu, Tirupathur
- U.O.Govt. School,, Manamelkudi,Tirupathur
- NM Girls Higher Secondary School, Tirupathur

- R.C. Fathima Middle School, Tiruppathur

All students were informed about the need of “Tree plantation” and motivate them to protect tree after plantation. Trees are essential and play an important role in our day today life by producing oxygen and by nature it improves physiological, mental and spiritual health of an individual. The main objective of this program is to give awareness about the uses and benefits of tree plantation among school students. Our students not only planted saplings but also created awareness about its maintenance.

### Translation of the above letter

II BBA students of Arumugam Pillai Sithai Ammal College were certified by the Head Master, U.O.Govt. School, Manamelkudi, Tirupathur for planting a Tree in the School Premises.

#### **Outcome of the Program:**

On December 7, 2020, Akalya M, alongside Brindha A, Dharani S, Madhumitha V, Manimegalai T, Sathiyakalyani N, Sowmiya S, and Vanijayaram R, spearheaded a tree plantation initiative at U.O. Government School in Manamelkudi, Tirupathur. This collective effort yielded a multitude of positive outcomes. The planting of trees not only beautified the school surroundings but also contributed significantly to the ecological well-being of the area. These newly planted trees are poised to provide shade, enhance air quality, and foster a serene environment conducive to learning. Moreover, the event served as an educational platform, raising awareness among participants about the crucial role trees play in promoting environmental sustainability. By actively engaging with the school community and local residents, the event instilled a sense of environmental responsibility and collective commitment to preserving nature. Looking ahead, the planted trees hold promise in fostering biodiversity, conserving soil, and mitigating carbon emissions, thereby strengthening the resilience of the local ecosystem. In essence, the tree plantation event at

U.O. Government School exemplifies proactive environmental conservation efforts and community collaboration, leaving a lasting impact on the school and its surroundings.

### Translation of the above letter

II BBA students of Arumugam Pillai Sithai Ammal College were certified by the Head Master, R.C.Fathima Middle School, Tiruppathur for planting a Tree and cleaning the School Premises.

## OUTCOME OF THE PROGRAM

On December 7, 2020, Karthikayini C, along with Muthulakshmi N, Natchatra T, Nirmalapreethi M, Sathiyajitha J, and Sowmiya M, organized a tree plantation and campus cleaning event at R.C. Fathima Middle School in Tiruppathur. This joint effort resulted in a significant improvement in the cleanliness and greenery of the school campus. By planting trees and cleaning the surroundings, the participants not only beautified the school but also contributed to environmental conservation and sustainability. The event also served as an educational opportunity, raising awareness among students and staff about the importance of maintaining a clean and green environment. Through their actions, the participants demonstrated their commitment to creating a healthier and more pleasant learning environment for everyone at the school. Overall, the tree plantation and campus cleaning initiative at R.C. Fathima Middle School exemplify proactive environmental stewardship and community engagement, leaving a positive impact on the school and its community.

II BBA students of Arumugam Pillai Sithai Ammal College were certified by the Head Master, POM School, Sunnambiruppu , Tirupathur for planting a Tree in the School campus.

### Outcome of the program:

On December 7, 2020, Bhanupriya S, alongside Dharani R, Janani M, Kalaiarasi M, Nandhini L, and Subashini P, orchestrated a tree plantation event at POM School in Sunnambiruppu, Tirupathur. This concerted effort yielded several commendable outcomes. The planting of trees not only embellished the school's surroundings but also contributed significantly to the ecological health of the area. These newly planted trees are poised to offer shade, improve air quality, and create a serene atmosphere conducive to learning. Moreover, the event served as an educational platform, enlightening participants about the pivotal role trees play in fostering a sustainable environment. By actively engaging with the school community and local residents, the event kindled a sense of environmental stewardship and collective responsibility towards nurturing nature. Looking forward, the planted trees hold the promise of fostering biodiversity, conserving soil, and sequestering carbon, thereby bolstering the resilience of the local ecosystem. In sum, the tree plantation event at POM School epitomizes proactive environmental conservation efforts and community collaboration, leaving an indelible mark on the school and its vicinity.

**Translation of the above letter**

II BBA students of Arumugam Pillai Sithai Ammal College were certified by the Head Master, Sri Meenakshi Sundareshwarar Vidyasala Higher Secondary School, Karaikudi for planting a Tree in the School campus.

## Outcome of the program:

On December 7, 2020, Balamurugan L, along with Karuppaiah P, Manikandan R, Manikandan T, and Sankar S, organized a tree plantation event at Sri Meenakshi Sundareshwarar Vidyasala Higher Secondary School in Karaikudi. This initiative resulted in significant positive outcomes for the school and its surrounding environment. The planting of trees not only enhanced the green cover of the school premises but also contributed to the promotion of biodiversity in the area. The newly planted trees will provide shade, improve air quality, and create a more pleasant environment for students, teachers, and visitors. Additionally, the event served as an educational opportunity, raising awareness among participants about the importance of environmental conservation and the role of trees in mitigating climate change. By actively engaging with the school community, including students, teachers, and residents, the event fostered a sense of environmental stewardship and collective responsibility towards preserving and nurturing the environment. Looking ahead, the planted trees hold the potential for long-term benefits such as soil conservation, carbon sequestration, and enhanced ecosystem resilience. Overall, the tree plantation event at Sri Meenakshi Sundareshwarar Vidyasala Higher Secondary School exemplifies a proactive approach towards environmental sustainability and community involvement, leaving a lasting positive impact on the school and its surroundings.

Tree plantation of student in her resident

#### Outcome of the program

The students of the Department of Chemistry undertook an extension activity program on 13.12.2020, wherein they actively engaged in planting various saplings in their respective villages. Beyond mere tree planting, this initiative aimed to create awareness among the local communities about environmental conservation and the diverse benefits offered by the trees they planted. Through interactive sessions and dissemination of information, the students educated residents about the significance of trees in maintaining ecological balance, as well as the various uses and advantages associated with each type of sapling planted. By fostering a deeper understanding of the environment and promoting sustainable practices, the program not only contributed to greening efforts but also empowered communities to take ownership of environmental stewardship. Through their proactive involvement, the students exemplified their commitment to environmental conservation and community welfare, setting a positive example for collective action towards a greener and healthier future.

From December 13th to December 15th, 2020, a group of second-year B.Com students undertook an extension activity at the Arumugam Pillai Seethai Ammal Matriculation School in Thiruppathur, Kelasevalpatti, Arkadu, Manakkudi Sundakkadu, Maruthankudi, Arkadu, M. Surakudi, Kolunjipatti, Alagapuri, Sundakkadu, Vanjinipatti, Nagappanpatti, Patharakudi, and Kavanoor regions. The central theme of this initiative was tree plantation, aligning with the goal of enhancing the environment and fostering societal welfare. In adherence to precautionary measures amid the ongoing pandemic, students diligently wore face covers and maintained safe distances throughout the activity. The extension activity aimed not only to contribute to the environmental health by planting trees but also to instil a sense of environmental responsibility among the students and the community at large. The significance of tree plantation in mitigating climate change, improving air quality, and fostering biodiversity was emphasized during the event. Through practical involvement in planting saplings, students were able to grasp the importance of environmental conservation firsthand. The initiative was

meticulously planned and executed, covering various locations in the specified regions. This widespread outreach ensured maximum impact and community involvement. The collaboration with Arumugam Pillai Seethai Ammal Matriculation School provided an excellent platform for engaging with young minds and instilling environmental consciousness from an early age. Additionally, the involvement of local communities in the activity fostered a sense of ownership and responsibility towards the planted trees. Beyond the immediate environmental benefits, the extension activity served as a platform for fostering community bonds and promoting the spirit of volunteerism among the participating students. The collective effort put forth by the students exemplifies their commitment to societal welfare and their proactive approach towards addressing environmental challenges. Overall, the extension activity on tree plantation conducted by the second-year B.Com students stands as a commendable effort towards enhancing the status and welfare of society. By imparting valuable lessons on environmental stewardship and fostering community engagement, this initiative exemplifies the transformative potential of youth-led actions in creating a sustainable future.

#### **Outcome of the Program:**

The tree plantation program conducted on 15/12/2020 in Thiruppattur and A. Kalapur, involving 20 students, including S. Abirami, S. Abinaya, S. Thaiyal Nayaki, M. Priyadharshini, R. Nivetha, C. Swetha, S. Shafhan Nilofar, A. Nazreen Banu, S. Abinayasri, S. Atchayasri, Rujul.L, N. Vivegan, K. Srisaran, R. Fasith, A. Abdhulajis, Mohamed Roy S.A., S. Vijay, S. Absul Faraz, Adhi, A. Muneeshwaran, Prakash, and Vignesh (with respective enrollment numbers 0519151003, 0519151001, 0519151101, 0519151105, 0519151080, 0519151069, 0519151093, 0519151068, 0519151002, 0519151013, 0519151118, 0519151127, 0519151119, 0519151053, 0519151065, 0519151126, 0519151067, 0519151054, 0519151063, 0519151052) yielded positive outcomes for environmental conservation and community engagement. Through the collective effort of the students, a significant number of saplings were planted, contributing to the greening of the area and the restoration of the local ecosystem. Beyond tree planting, the program served as a platform for raising awareness about the importance of preserving and nurturing the environment among the participants and the wider community. By instilling a sense of responsibility and environmental stewardship among the students, the program fostered a culture of sustainability and proactive engagement in environmental conservation efforts. Overall, the tree plantation initiative not only beautified the surroundings but also promoted ecological balance and community participation in safeguarding natural resources for future generations.

## ACTIVITY 2: TRAINING FOR WOMEN AWARENESS IN KAVALAN APP

14/12/2020	Tiruppattur, Nemam, Thuvar	Training for women awareness in kavalan app	6	PR. ANUPRITHA,S.sneha,V. Vaishnavi Nachiyal,R.Rakshana Begam,J.surya M.MALATHI P.DHANUSHYA	0519151009 0519151095 0519151107 0519151084 0519151102 0519151042 0519151018
------------	----------------------------	---	---	--	--

In addition to the tree plantation extension activity, all second-year female students also took proactive steps by downloading the Kavalan App on their smartphones, aiming to promote its usage among the residents of their respective areas. The Kavalan App serves as a crucial tool in emergency situations, allowing users to swiftly alert the police in instances of sexual assault, kidnapping, eve-teasing, or natural disasters like earthquakes or floods. This proactive measure demonstrates the students' commitment to enhancing safety and security within their communities, utilizing technology to empower individuals to respond effectively to emergencies and ensuring prompt assistance from law enforcement agencies when needed.

### Outcome of the program

The training session for women awareness in the Kavalan App, conducted on 14/12/2020 in Tiruppattur, Nemam, and Thuvar, engaged six students including Pr. Anupritha, S. Sneha, V. Vaishnavi Nachiyal, R. Rakshana Begam, J. Surya, and M. Malathi (with respective enrollment numbers 0519151009, 0519151095, 0519151107, 0519151084, 0519151102, and 0519151042). The program aimed to empower women with knowledge and skills to utilize the Kavalan App effectively for enhancing personal safety and security. Through interactive workshops and hands-on demonstrations, the participants were trained on how to download, navigate, and utilize the app's features, including emergency reporting and location tracking functionalities. By equipping women with tools to access immediate assistance and report incidents swiftly, the training session facilitated a sense of empowerment and confidence among participants. Moreover, the program fostered a culture of proactive engagement in safety measures, contributing to the overall well-being and security of women in the community.

-----------------------------------	--	---	-----------	---	--

On December 13th and 14th, 2020, a significant awareness program on the Arogya Setu App was meticulously conducted across several key locations, including Thiruppathur, Kelasevalpatti, Arkadu, Manakkudi Sundakkadu, Maruthankudi, M. Surakudi, Kolunjipatti, Alagapuri, Sundakkadu, Vanjinipatti, Nagappanpatti, Patharakudi, and Kavanoor. This initiative engaged a dedicated group of 35 enthusiastic students who actively participated in spreading essential awareness about the functionalities and benefits of the Arogya Setu App within their communities. The Arogya Setu App holds pivotal significance in the global battle against the COVID-19 pandemic. It serves as a comprehensive digital tool offering features such as risk assessment, self-assessment, and contact tracing, thus empowering individuals to monitor and manage their health proactively while also contributing to the larger public health effort. Recognizing the app's potential to mitigate the spread of the virus and save lives, the students undertook the responsibility of educating their fellow community members about its utility and importance. Through interactive sessions, informative presentations, and one-on-one discussions, the students effectively conveyed the critical role of the Arogya Setu App in safeguarding individual health and curbing the transmission of COVID-19. They elucidated the app's functionalities, including its ability to provide real-time updates on potential exposure to the virus, offer self-assessment tools for symptom monitoring, and facilitate contact tracing to identify and isolate potential cases. Moreover, they highlighted the app's user-friendly interface and emphasized its accessibility to individuals across diverse demographics, thereby ensuring inclusivity in health management efforts. By strategically disseminating information about the Arogya Setu App across multiple locations, the students aimed to reach a broad spectrum of community members, including residents in rural and remote areas. Their concerted efforts fostered a deeper understanding of the app's significance and encouraged widespread adoption among the populace. Furthermore, the engagement of local communities in these awareness sessions not only promoted individual health literacy but also fostered a collective sense of responsibility towards combating the pandemic. Overall, the two-day awareness program on the Arogya Setu App stands as a testament to the students' proactive engagement and commitment to public health advocacy. Their initiative not only enhanced awareness about the app's functionalities but also instilled a sense of empowerment within communities to leverage digital tools for personal health management and contribute to the larger societal effort in controlling the spread of COVID-19.

## Outcome of the Program

The Awareness program on the Arogya Setu App, conducted across various locations including Thiruppathur, Kelasevalpatti, Arkadu, Manakkudi Sundakkadu, Maruthankudi, M.Surakudi, Kolunjipatti, Alagapuri, Sundakkadu, Vanjinipatti, Nagappanpatti, Patharakudi, and Kavanoor on 13/12/2020 and 14/12/2020, saw active participation from 35 students. Led by S. Shifana Fathima, S. Rifana Jasmine, S. Thaiyalnayaki, Al. Hemalatha, N. Alagumeenal, A. Sabina Begam, T. Anusiya, A. Keerthika, Pl. Gnanapriya, M. Subha Sri, K. Harini, N. Sneha, S. Subalakshmi, P. Divya, A. Saritha, M. Priyadharshini, S. Soundarya, C. Pothumani, S. Karthika, A. Sankeetha, B. Preethi, M. Yogeshwari, P. Vijayalakshmi, M. Pandi Devi, A. Ponnazhagu, S. Snega, S. Rajeshwari, K. Sathiya Devi, R. Vishnupriya, G. Pravena, S. Sakuber Nisha, C. Ponnalagu, M. Ramkumar, J. Vasudevan, M. Rajesh, R. Akila, J. Mahalakshmi, B. Pavithra, P. Nandhini, K. Navanitha, M. Oviya Mukila, and M. Durga, the program aimed at educating people about the Arogya Setu App and its significance in combating the COVID-19 pandemic. Through door-to-door campaigns and interactive sessions, the students disseminated information about the app's features, including contact tracing and self-assessment tools, to help curb the spread of the virus. By empowering individuals with knowledge and promoting the adoption of the app as a vital tool in disease prevention, the program contributed to strengthening public health measures and fostering a safer community environment.

#### **GROUP A TO D PARTICIPANTS LIST**

##### **Activity -Tree plantation:**

In December, amidst the tranquil embrace of the winter season and pandemic situation, the students of II B.Sc Computer Science at their native places or residential area embarked on a noble mission to contribute to environmental sustainability through tree plantation. With a total of 40 enthusiastic participants, this initiative aimed to harness the power of collective action to address environmental challenges while fostering a sense of community engagement and responsibility. The primary objective of the tree plantation initiative was to leverage the students' connection to their native places to maximize the impact of the initiative. By encouraging students to plant trees in their hometowns or villages, the initiative sought to instill a sense of pride and ownership in environmental conservation efforts. Furthermore, the goal was to promote the importance of tree plantation as a proactive measure to mitigate the adverse effects of deforestation and climate change. In conclusion, the tree plantation initiative undertaken by the II B.Sc Computer Science students exemplifies the fostering environmental consciousness and community engagement. By empowering students to take proactive steps towards environmental conservation in their native places, the

initiative has not only contributed to increasing green cover but also nurtured a sense of responsibility and stewardship towards the environment.

## **Extension Activity Report-2020-21**

Extension activity provides a link between the College and the Society. In order to create socially sensitive citizens, the second year students are made aware of the common extension activities through department specific extension activities during the Induction Programme at the commencement of each academic year. Staff members and students of all the department of Arumugam Pillai Seethai Ammal College adopted villages in an endeavour to carry out welfare measures to the people of surrounding village. During the pandemic situation Department of History carried one day extension activity at Tirupathur nearby villages such as Thiruvudayarpati, Madhvarayanpati, and Kottampatti on 23.11.2020. In the programme 41 students of our department effectively participated with the social view and voluntarily involved in covid awareness programme. Our staff member divided the students into three groups. Each group members were allocated with a particular area for various programmes such as covid awareness, tree plantation in schools, distributed nilavembu kudineer. The village people understand the source of corona, the symptoms of corona and how to make natural medicines (Nilavembu and Leaves of Papaya tree) to recover the health. In the programme 15 boys, 26 girls and from our department effectively participated with the social view and voluntarily involved. Our students insisted to the public on how to maintain cleanliness in and around village.

### **OUTCOME OF THE PROGRAM:**

The one-day extension activity conducted by the Department of History at Tirupathur and nearby villages such as Thiruvudayarpati, Madhvarayanpati, and Kottampatti on 23.11.2020 yielded impactful outcomes amidst the pandemic situation. With the participation of 41 students, the program focused on raising awareness about COVID-19 and implementing various welfare measures in collaboration with the adopted villages. Divided

into three groups, students actively engaged in activities such as COVID-19 awareness campaigns, tree plantation drives in schools, and distribution of Nilavembu Kudineer. Through these efforts, villagers gained knowledge about the source and symptoms of the coronavirus, as well as methods for natural healing using Nilavembu and Papaya tree leaves. The participation of 15 boys and 26 girls from the department underscored their commitment to social responsibility and community welfare. Moreover, students emphasized the importance of maintaining cleanliness in and around the villages, contributing to overall health and hygiene awareness. By fostering collaboration between the college and society, the extension activity not only served as a platform for student engagement but also empowered villagers with valuable information and resources for combating the pandemic and promoting well-being.

**Extension Activities for 2020-2021**

In this year, 36 B.Sc. IT students organized extension activity in their native places and nearby schools. Due to pandemic situation, students did their extension activity individually and as a team. Due to COVID situation, school students found difficult to adapt to online classes. Since they were new to digital platform, they were unable to login to any digital platform and download materials etc., In this regard, our students taught the school children the online education. They also explained the various e-resources or e materials in the web and also elaborated the steps for downloading the materials. They also taught the students regarding how to login to any e-learning platforms such as Zoom Google meet etc., Our students assisted them and created mail id for the school children. Our students were also involved in tree plantation. They planted saplings in the school where they studied higher education and also in their own street. Besides the plantation, students also constructed plant guard in order to avoid gracing. They also cleaned the school campus and disposed the leaf debris, plastic materials and other unwanted materials out of the campus. Trees such as Neem, Mango, Asoka, cassia etc., were planted.

Awareness program related to pandemic situation was given to the village people. Since the public had to face the crucial situation of COVID-19, they were in depressed days. To make their mind stable and relaxed, our students make them aware of the financial crises and taught them to handle the situation and be peaceful. They convinced by telling them that this newly infectious disease can be controlled by allopathy medicines and also by taking vaccines. They urged the village people to take vaccines which is the only hope to eradicate the Covid-19. They also taught them methods how to sanitize and maintain social distance.

1.	ARUNADEVI. A	0519121002	AWARENESS PROGRAM ( COVID 19 )	Karadi Patti	23-11-2020	1

On November 23, 2020, an awareness program on COVID-19 was conducted by the Department of Mathematics at Arumugam Pillai Seethai Ammal College, Tiruppathur. The purpose of the program was to educate individuals about the importance of adhering to safety protocols and guidelines amidst the ongoing pandemic. The program aimed to disseminate accurate information regarding preventive measures, such as wearing masks, maintaining social distance, and practicing good hygiene, to mitigate the spread of the virus. Arunadevi. A actively contributed to the initiative, demonstrating the commitment of students towards community welfare and public health awareness. This activity underscores the college's commitment to social responsibility and proactive engagement in addressing public health challenges during the COVID-19 pandemic.

**Translated Version of the letter given by Village Panchayat President.**

On behalf of the Karadipatti Village Panchayat, I extend my heartfelt appreciation to Ms. A. Arunadevi, of II Maths student of APSA college, Thiruppathur for your invaluable contribution to our community through your initiative in raising awareness about the COVID-19 pandemic. On behalf of the entire village panchayat and the residents of Karadipatti, I extend our sincere gratitude for your selfless service. Your contribution reflects the true spirit of community solidarity and cooperation, and we are immensely grateful for your efforts in keeping our village safe during these challenging times.

The Department of Mathematics at Arumugam Pillai Seethai Ammal College, in a commitment to environmental stewardship, launched a tree planting initiative in 2020-2021. This report highlights the department's efforts to create a more sustainable future for local communities. The trees included a variety of species, such as neem, mango, and tamarind. The students worked closely with local residents to plant the trees. They provided instructions on how to care for the trees and encouraged residents to participate in the planting process. The initiative was a valuable learning experience for the students, who gained a deeper understanding of the importance of environmental conservation. The tree planting initiative had a positive impact on the local communities. The trees will provide shade, food, and oxygen for years to come. They will also help to improve air quality and reduce pollution. The initiative also fostered a sense of community among the participants, who came together to work towards a common goal. The Math Department is committed to continuing the tree planting initiative in future years. The department plans to expand the scope of the initiative to include more villages and to plant a wider variety of trees. The department is also considering partnering with other organizations to promote environmental conservation. In conclusion, the Arumugam Pillai Seethai Ammal College Math Department's tree planting initiative is a valuable contribution to the communities it serves. The initiative is helping to create a more sustainable future for the planet and is inspiring others to take action to protect the environment.

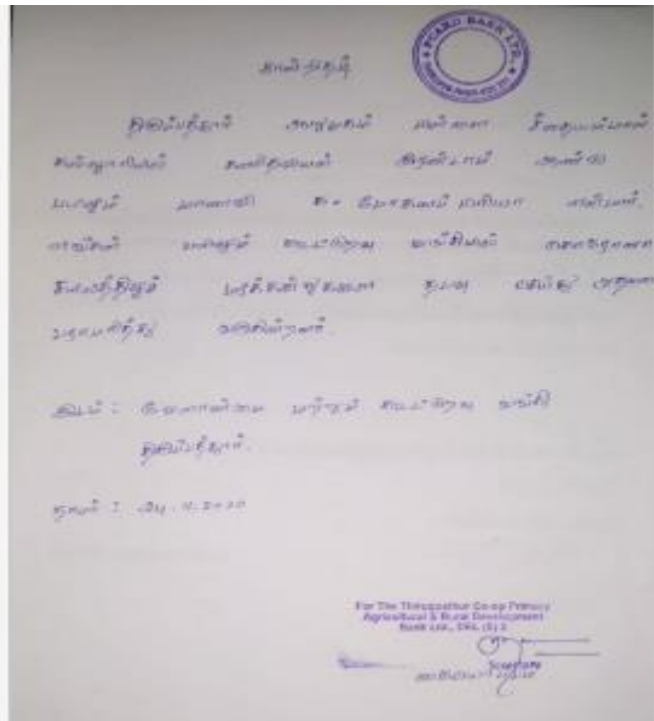

# Certificates

Translated version of the letter issued to M. Angalammai

## Certificate of Appreciation

This is to certify that M. Angalammai, a dedicated student of II B.Sc Mathematics, has demonstrated exemplary environmental stewardship by organizing and participating in a tree plantation event at Pandiyan Cooperative Bank, Thiruppathur on 24.11.2020. Your commitment to sustainable practices is commendable and serves as an inspiration to your peers.

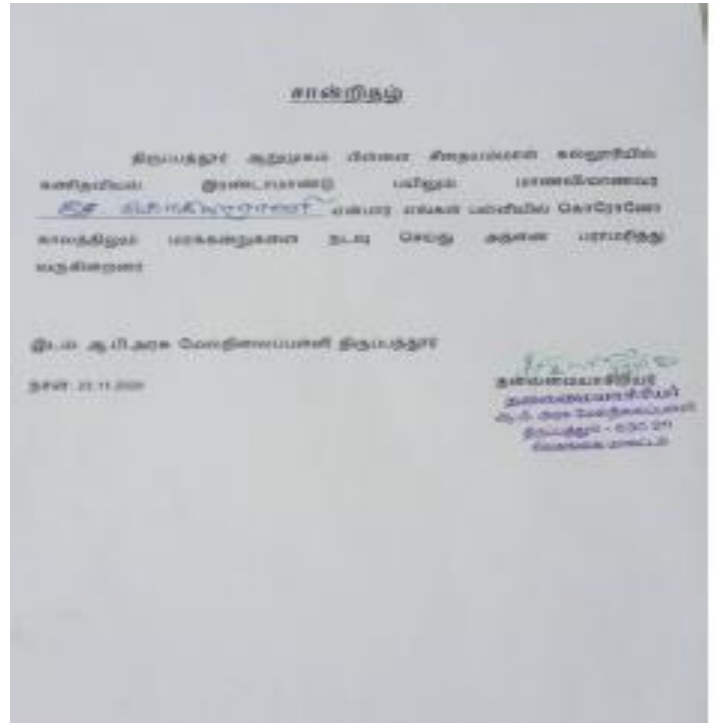

Translated version of the letter issued to

## Certificate of Appreciation

This is to certify that K. Mohanapriya, a dedicated student of II B.Sc Mathematics, has demonstrated exemplary environmental stewardship by organizing and participating in a tree plantation event at Pandiyan Cooperative Bank, Thiruppathur on 24.11.2020. Your commitment to sustainable practices is commendable and serves as an inspiration to your peers.

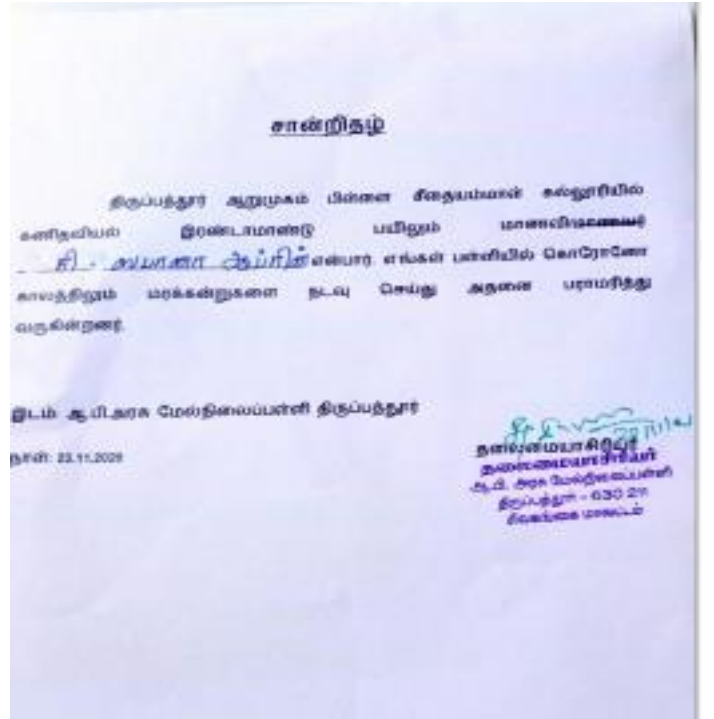

### Certificate of Appreciation

This certifies that S. Kokilarani, a dedicated student of II B.Sc Mathematics, has demonstrated outstanding environmental leadership by organizing and participating in a tree plantation event at Pandiyan Cooperative Bank, Thiruppathur. Your commitment to fostering a greener environment is commendable and reflects positively on the values instilled at Nagappa Girls School. Presented with heartfelt appreciation by the Head Mistress.

### Certificate of Appreciation

This certifies that K. Shabana Afrin, a dedicated student of II B.Sc Mathematics, has demonstrated outstanding environmental leadership by organizing and participating in a tree plantation event at Pandiyan Cooperative Bank, Thiruppathur. Your commitment to fostering a greener environment is commendable and reflects positively on the values instilled at Nagappa Girls School. Presented with heartfelt appreciation by the Head Mistress.

In line with our commitment to community engagement and social responsibility, the Department of Mathematics at Arumugam Pillai Seethai Ammal College, Tiruppathur, organized an extension activity focusing on raising awareness about personal hygiene in the context of preventing dengue fever. This initiative aimed to educate the local community about the importance of personal hygiene practices in combating the spread of dengue, a prevalent mosquito-borne disease. The activity involved educational sessions and practical demonstrations aimed at promoting personal hygiene practices that mitigate the risk of dengue transmission. Participants engaged in discussions about the symptoms, causes, and prevention of dengue fever, emphasizing the role of personal hygiene in reducing mosquito breeding grounds and preventing mosquito bites. Practical demonstrations included techniques for maintaining clean surroundings, proper waste disposal, and using protective measures such as mosquito repellents and bed nets.

### **EXTENSION ACTIVITIES REPORT - Academic year 20 – 21.**

Due to pandemic period, Iyear Physics students of Arumugam Pillai Seethai Ammal College set into six groups visited different schools such as Government Higher Secondary School, Kottaiyeruppu, Tiruppattur, Vallal Paari Higher Secondary school, Piranmalai, Sri Thandayathupani School, Kandramanickam, A.P.S.A. Govt Hr sec. School, Tiruppattur, Dharumai Kailai Gurumani Hr.Sec School, Kundrakudi and A.P.S.A., Matric Hr.Sec school, Tiruppattur on 30.11.20 & 1.12.20, as Extension Activities in partial fulfillment of the requirements for the award of the degree of Bachelor of Physics.

Our students discussed the importance of eco-friendly products, including supporting practices like smart applications of green energy products and the strategies for green energy maintenance, as well as the advantages with the people. Going green when cleaning can lesser water pollution, air pollution, climate change, and ozone depletion. In addition, the practice of using green products also promotes recycling which can reduce the use of raw materials, thus lessening the need for disposal of toxic products and packing materials. Our students also planted saplings in the school ground to promote awareness among the school students in preserving our environment for a better future life. The species are Neem, Mango etc., are planted in the school ground. The group of students and their related activities are shown below.

## Translation

This is to certify that the students of II Physics from our institution participated in a tree plantation activity held at APSA Government Boys Higher secondary School on 30.11.2020. Under the guidance and supervision of their teachers, the students actively contributed to planting trees in the village, demonstrating their commitment to environmental conservation and community welfare.

### Outcome of the Program:

The tree plantation activity conducted on 30.11.2020 at various places in and around Thiruppathur yielded significant outcomes for environmental conservation and community engagement. Through the collective efforts of participants, including students, teachers, and community members, numerous saplings were planted, contributing to the greening of the region and the enhancement of the local ecosystem. Beyond tree planting, the program served as a platform for raising awareness about the importance of preserving and nurturing the environment. Participants learned about the ecological benefits of trees, such as air purification, soil erosion prevention, and habitat creation. Moreover, the event fostered a sense of community cohesion and shared responsibility for environmental stewardship. By actively engaging in tree plantation activities, participants demonstrated their commitment to sustainability and their role in safeguarding natural resources for future generations. Overall, the tree plantation initiative on 30.11.2020 in and around Thiruppathur played a vital role in promoting environmental awareness and fostering a culture of conservation within the community.

The Second B.Sc. Zoology students from [Name of Institution] undertook a series of extension activities in various villages of Sivagangai District. These activities were conducted on 30.11.2020, 1.12.2020, 14.12.2020, and 15.12.2020, with the aim of contributing to environmental conservation and community welfare.

Activities Conducted:

**Cleaning School Campuses:** On the designated dates, students actively participated in cleaning school campuses in the villages. This included removing litter, debris, and other waste materials to ensure a clean and hygienic environment for students and staff.

**Planting Trees:** Another significant aspect of the extension activities was tree plantation. Students engaged in planting trees in strategic locations within the village areas. This initiative aimed to increase green cover, promote biodiversity, and combat climate change.

**Village Pond Desilting:** Recognizing the importance of water bodies in rural areas, the students undertook the task of desilting village ponds. By removing sediment and debris from these ponds, the students contributed to improving water quality, enhancing aquatic habitats, and mitigating the risk of flooding during the monsoon season.

**Uprooting and Destroying Weeds and Bushes:** Additionally, the students worked on uprooting and destroying weeds and bushes in water feeder channels. This activity was crucial for maintaining the proper flow of water, preventing blockages, and ensuring efficient irrigation for agricultural lands.

**Alignment with Mahatma Gandhi Rural Employment Guarantee Schemes:**

The extension activities conducted by the Second B.Sc. Zoology students closely aligned with the objectives of the Mahatma Gandhi Rural Employment Guarantee schemes. These schemes aim to provide livelihood security to rural households by guaranteeing at least 100 days of wage employment in a financial year. The students' involvement in activities such as cleaning, tree plantation, pond desilting, and weed removal not only contributed to environmental conservation but also created employment opportunities for local communities, thereby fulfilling the objectives of the schemes.

**Impact and Benefits:**

The service rendered by the Second B.Sc. Zoology students proved to be highly beneficial for the villages of Sivagangai District. The activities undertaken by the students helped in maintaining a clean and hygienic environment, promoting sustainable development, and enhancing the overall quality of life in the communities. Furthermore, the students' involvement instilled a sense of environmental responsibility and civic engagement among the local population, fostering a culture of conservation and community participation.

**Conclusion:**

In conclusion, the extension activities conducted by the Second B.Sc. Zoology students in the villages of Sivagangai District demonstrated their commitment to environmental stewardship and community welfare. Through their efforts, the students not only contributed to maintaining a clean environment but also empowered local communities and promoted sustainable development practices. Such initiatives reflect the importance of active citizenship and collective action in addressing environmental challenges and fostering inclusive growth in rural areas.

## **Outcome of the Program**

The extension activities undertaken by the Second B.Sc. Zoology students in the villages of Sivagangai District on various dates including 30.11.2020, 1.12.2020, 14.12.2020, and 15.12.2020 yielded positive outcomes for both the environment and the community. By engaging in tasks such as cleaning school campuses, planting trees, desilting village ponds, and uprooting weeds and bushes in water feeder channels, the students actively contributed to the improvement of local environmental conditions. These activities, aligned with the Mahatma Gandhi Rural Employment Guarantee schemes, not only helped in maintaining cleanliness but also promoted environmental sustainability and conservation efforts. The students' service played a significant role in enhancing the quality of life in the villages by creating cleaner and healthier surroundings. Additionally, their involvement fostered a sense of civic responsibility and community participation, laying the foundation for continued environmental stewardship and development in the region. Overall, the students' efforts exemplified their commitment to social welfare and environmental preservation, leaving a lasting positive impact on the villages of Sivagangai District.
